## Vets, Transfers, Frosh Boost Enrollment

A large increase in enrollment was indicated today by an unofficial Registrar's Office estimate that some 1500 students are registering for the Spring term at San Francisco State College. Although official figures cannot as yet be determined, it is estimated that of this surprisingly large number, fully 50 per cent of the total will be comprised of new registrants.

Approximately 450 Freshman and transfers have enrolled already in addition to some 400 veterans who have signified their intention of "hitting the books" at State this term. Of great significance is the return of a "balance of power" to State as over 450 new males are among the newcomers to the College on the Hill this semester.

Of even greater interest to many is the fact that of the large veteran enrollment, close to 200 are returning Staters, many of whom have been absent from school for three to five years. In later editions of the Gater both pictures and stories concerning these "old Staters" will be run.

For many of these veterans, going back to college or even just entering college has been one big headache. The college itself has simplified the Registration procedure greatly, facilitating a quick, painless entrance to State. But the headache lies in the slowness of the Veteran's Administration in its distribution of Eligibility Certificates as well as subsistence checks. However, the college officials have eased the burden slightly by granting loans, and visitors' passes and by accepting post card notification from the incoming veterans.

Many graduate students returning from the service are re-entering because of the professed general secondary credential soon to be given at State. The majority of the veterans and freshmen, however, have been attracted by the outstanding music and art courses here as well as by the teaching credentials offered by State.

## Co-Op Gets New Paint Job, Loses Manager in Same Week

Bob Lamberson, student manager of the cafeteria for the past three semesters, resigned from that position effective February 1, 1946. Lack of proper equipment, inadequate help, and the failure to make needed improvements in the Co-op led Lamberson to state, in a letter of resignation to the Board of Control, that "under the circumstances it is impossible to continue as manager."

In accepting the resignation, the Board of Control acted on advice from the Store Council that a new policy in regard to managing the cafeteria be established. Future cafeteria managers will be employed on the basis of experience in industrial managing. The Board of Control, with the help of

## Flo Quartararo Debuts at Met

Florence Quartararo, who graduated from this college in 1941, will make her formal Metropolitan debut this month as Micaela in "Carmen."

Miss Quartararo gained her chance to sing the role of Micaela at the Met rehearsal last month. The New York Times' critic Taubman came away from this rehearsal with the following comment: "Astonishing...true lyric quality...affecting simplicity...Miss Quartararo, who is also good to look at, seems to have what it takes...She may be the find of the season."

Last fall the Met awarded her the \$1,000 Caruso Award and hired her on the spot. She appeared on Bing Crosby's program last year under the name of Florence Alba, and once filled in for Helen Traubel on a day's notice at the Hollywood Bowl.

Quite active while at State, Miss Quartararo entered in 1937, majoring in Spanish and minoring in French and history. Participating in debating, singing with the College Chorus, a member of Alpha Mu Gamma and the Italian Club, and secretary of the student body in 1940 are among her more notable activities.

## Cut Rule Revised, Legitimate Excuses Considered Only

Revision of the cut rule, age old bone of contention between faculty and students, finally became a fact at the faculty meeting on February 1.

Personal illness, death in the family, and religious holidays are the only excuse the faculty will consider legitimate for absences and for which a professor will assist a student in making up work that has been missed. Absence for all other reasons shall be the entire responsibility of the student.

Under the new ruling individual instructors shall determine the number of cuts a student may have before being dropped. Previously a student was allowed one

## Senate Committees Approve Plans for New Campus, Dorms

### Two Dormitories To House 350 Vets

#### NEWS FLASH

A late report from Sacramento states that Assembly Bill 104, providing \$770,000 to construct two modern dormitories on the Lake Merced campus, passed the Assembly and has been accorded a "do pass" recommendation by the Senate Finance Committee. The committee's approval is tantamount to passage by the Senate, which is expected to vote on the measure today. Governor Warren has indicated that he will sign the bill, which includes dormitory appropriation for all the six State colleges. Construction will begin as soon after passage of the bill as materials and workmen are available, according to President J. Paul Leonard.

Construction of two dormitories to accommodate 350 veterans, on Lake Merced site of the new State College campus, looms as a probability following recent legislative approval of bills providing \$5,000,000 or more for dormitories at the six State colleges.

Under the provisions of the bills, given "do pass" recommendation by the Senate Education Committee, San Francisco State College would receive in excess of \$700,000 for the project.

#### Five Millions

The Senate bill calls for a total \$5,000,000, while the Assembly bill, similar in intent, calls for \$5,830,000. It is expected that the Senate and Legislature will agree to an appropriation somewhere between the two sums.

The two buildings would be built on the western side of the new campus, according to President J. Paul Leonard, who, with other educators throughout the State College system, is actively sponsoring the appropriation.

Construction would begin as soon as possible following the expected passage of the appropriation bill by the State Legislature. Governor Warren is expected to sign the measure promptly.

#### Veteran's Priority

Veterans would receive priority for accommodations in the new dormitories, Dr. Leonard said. The problem of finding housing for the hundreds of returning service men is crucial, Dr. Leonard pointed out. He believes that the dormitories may be ready for occupancy by the opening of the fall semester of this year.

#### EDITOR'S NOTICE

Because of mechanical difficulties arising from re-opening the College print shop after a shut-down of two and a half years, the first issue of the Golden Gate appears several days late. We expect that henceforth your newspaper will be available each Friday morning on schedule.

BUILDING COSTS	
Ground Utilities	\$ 200,000
Gymnasium and swimming pool	653,000
Power house and shops	135,000
Administration Building	127,000
Classroom Building	368,000
Science Building	486,000
Library Building	387,000
Music and Speech	493,000
Fine Arts	286,000
Industrial Arts	134,000
Cafeteria	167,000
Total	\$3,436,000

## Employment And Placement Bureau Are Combined

Beginning this week all student employment and teacher placement in the College, for both men and women, will be handled by Mrs. Alma Downey, placement secretary, whose office is room 114 College Hall.

Formerly Mrs. Downey directed only the teacher placement, while Dean Mary A. Ward and Dean David Cox were in charge of finding non-teaching jobs for women and men students respectively. The new centralized system is expected to facilitate the handling of student employment.

Students needing part-time employment are invited to talk over their problems with Mrs. Downey, whose office is open daily. "I shall be delighted to discuss job possibilities with all interested students," she said.

## Frosh Picnic, Dance Planned

Starting out the new semester with its first activity of the year, the Freshman class will hold a picnic and dance at Sigmund Stern Grove on February 20, from 5 to 11 p.m. Stags and couples will gather around the huge fireplace to roast hot dogs and marshmallows, or dance to the music provided by a juke box.

Slacks are permissible for the girls with comfortable clothes being the suggestion for the evening. Tickets will be on sale next week. A charge of twenty-five cents for those with student body cards and forty cents for those without, will be made. The Freshman class invites everyone to attend and promises all a very gay evening.

Plans for the Freshman Hop are now under way. It will be held on March 15th in the Colonial room of the St. Francis Hotel, with Ray Hackett's orchestra to make with the music. The theme for the dance is still a mystery, but will be announced later. Semi-formal will be the dress for the evening.

### \$3,436,000 Program Nearer Fulfillment

Prospects for legislative approval of appropriations to construct the new \$3,436,000 college plant at the Lake Merced site are brightened by a recent approval of the entire building project by the Senate Committee on Government Efficiency.

The Senate committee has re-examined the requests for funds submitted by the Governor and the Director of Finance with the view of trimming the budget. Although some drastic cuts were recommended by the committee, the San Francisco State College requests were not altered.

#### Program Sidetracked

The State College construction program, part of the \$13,500,000 program submitted by the State Department of Education, in turn is included in Governor Warren's \$154,000,000 request for needed buildings for State institutions. At present the Governor's building requests are sidetracked by legislative pressure to force through the so-called "Christmas tree bill", providing for a \$90,000,000 appropriation to the cities and counties of California for local projects.

San Francisco State College is asking for funds to erect ten buildings and to make necessary improvements to the grounds, such as roads, landscaping, parking space, and sidewalks.

#### Leonard in Sacramento

In an effort to expedite legislative approval of the State College appropriation, President J. Paul Leonard spent three days in Sacramento this week. President Leonard expressed confidence that State's hopes for a new campus will soon be realized.

Plans for some of the new buildings have been completed by the State architects, and considerable progress has been made in drawing the plans for the others.

## Lillian Talbott Wins First Prize In Essay Contest

Lillian R. Talbott won first prize in the English 2 essay contest with her 1000-word composition on the "Uses of Atomic Energy."

At an informal tea held by the English department in the Activities Room on January 24, Mr. Hugh Baker announced the winners of the competition. The staffs of the Golden Gate, Franciscan, and Inklings were guests of honor at the tea, along with the contest winners.

Rita Kroner won second prize on her entry "The Cartoon is Here to Stay." The third prize was granted to Phyllis Ward's "Intelligent Reading."

The essayists deserving honorable mention are Virginia Amoral, Dorothy Noonan, Marilyn Robert, Evelyn Savio, Barbara Wood, Jacqueline Simpson and La Verne Martinotti.

### EDITORIALS

#### SMOKING PRIVILEGE THREATENED

Sudden death to the recently revised and now quite lenient smoking regulations is imminent because of laxity of State students in following rules to the letter. Official displeasure at student carelessness has been expressed in a letter to the Gater from Dr. J. Paul Leonard.

The cause of all the furor is the recent burning of a part of the floor in front of the Student Body office by a carelessly discarded, still burning, cigarette butt. This, in itself, is cause for disturbance. In addition, this area happens to be on the spots in College Hall where smoking is absolutely forbidden.

There are only four areas in State's buildings where smoking is permitted. Once more, and this is a good thing to remember, we will list the unrestricted zones. They are: the Co-op, the Student Lounge, all faculty offices, and Anderson Hall.

Remember that the smoking regulations we now have are actually privileges. Let's not abuse them.

#### FOXHOLE TO CLASSROOM

The war ended six months ago. The termination of hostilities brought many immediate changes in our lives here at State. We all vividly recall the quick and ignoble death of gasoline rationing and slow, painful demise of the red and blue points. At the time, these changes seemed important to us. Today, however, they are dwarfed into insignificance by the most tremendous and most welcomed effect that peace has brought with her, the return of the veteran.

Now, after four years of anxious waiting and hoping, the boys who left their jobs, classes, friends, and homes are returning. We don't like to admit it, but these wearers of the "golden eagle," who are returning to offices, factories and schools throughout the nation, are not the same fellows who left their private worlds to go out and fight for us. It is inconceivable that they could be.

The returning veteran enters civilian life with a dislike towards discipline, an ill-will towards overt authority and a nausea towards war. These men return to civilian life and with no delusions towards resuming their old "normal" life but rather with an ambition to mould a better life. These veterans registering here and at colleges throughout the country, enter college not with the hope of being rah rah boys or campus politicians, but rather to learn and thus acquire the key to a finer life.

Although the veteran's outlook has become more mature and realistic, he does not want to be considered as a member of a separate class. He wants to become a part of his new college life. He wants to meet people, make friends, and take part in the various activities. He wants to do this as an individual and not as a member of a labeled group. The veteran is sick of regimentation, sick of the suppression of the "self." College is the starting point of the new life, the life of self-assertion and self-expression, the building blocks of the future.

We here at State welcome you back not as ex-sergeant Brown or Lieutenant Smith or Commander White, but rather as Jim Brown, Harry Smith and Pat White. It is our earnest wish and desire that we shall become blended into a student body that will make Dr. J. Paul Leonard, the faculty, and all Staters proud.

## Gals Snub Pre-War Personalities, Clamor for Beards, Hungry Looks

Fellers, you aren't kidding anybody. Everybody knows that you've come to State for two reasons—to get an education and. Now if you are to accomplish this list of objectives, you will have to show the women around here that you have some distinctive quality—something that makes you more desirable than your fellow men. A lot of you have the sorry idea that you can come to State, turn on the old pre-war personality, leer at a few women, and then sit back and collect admissions. Hah! Look, men—we're giving it to you straight! You've suffered, see. You've had your brains gouged out by a hungry native in the Pacific, and now you're using a pneumatic brain perfected by a convict at San Quentin, understand? And, by all means, grow a beard. Few things excite more curiosity on a college campus than a beard. Beards add an intellectual touch and disguise

your wolfish tendencies so that girls will have no hesitancy in approaching you first. When they ask you why you don't shave, there's your big chance. At this mention of the word, "shave," step back and shudder. "Knives! Knives! Oh, these damn knives!" you shriek. "No, Fritz! No! Don't bayonet me! I've got to go to State and major in P. E.! No, Fritz—don't—you can't!" Then lay your head on the nearest feminine shoulder and blubber incoherently. You don't use an electric razor, but you're all set for that. Lift your head slowly to the sky, and ther sway rhythmically back and forth. "I hear it—I hear it," you murmur. "Far—far in the distance. Aaaaah Those blasted buzz bombs! I can't stand that infernal buzzing! Take me away! Take me to the Co-op please!"

See men, nothing to it.

## Highnotes

By Rita Kroner

Gather around all ye avid music lovers for the latest music dope from coast to coast.

Tex Beneke, Miller's tenor sax star, has gathered the old crew together and will front the band with the aid of Don W. Haynes, a lieutenant, who ran the AAF band after Miller's disappearance.

Ray McKinley, however, who played drums for Miller, has already begun to organize his own band. Ray has signed with Majestic for a two year waxing contract.

The success of jazz concerts is sweeping such cities as Chi, New York, but also Toronto, Canada. Such bands as Woody Herman, Count Basie, and Benny Goodman have drawn between 2500 and 4500 rabid fans in one night. Artists such as "Slam" Stewart, Hal West, Errol Garner, Bud Johnson and Danny Alvin dispensed their brand of hot music in Toronto last year and scored a huge success.

Betty Hutton's latest release, "Doctor, LaWyer, Indian Chief," written by Hoagy Carmichael, is enjoying solid popularity. Incidentally, Betty is terminating her relations with Capitol records. She wants to do some sweet tunes and Mercer has enough featured vocalists of that style.

Gene Krupa will be featured in the films for RKO in the next three years. He'll star in the "Kid With the Drums."

Georgia Carroll, who is now Mrs. Kay Kayser, has an appointment with the stork around Maytime.

Harry James' recording of "I Can't Begin to Tell You" initiates a new vocalist to the public. Such a thing is the name but don't believe it. Take off the wraps and you'll find it is none other than Mrs. H. J.

Woody Herman walked away with all honors in 1945. He was recently elected a member of ASCA.

The Dinning sisters are slowly but surely climbing the ladder of success. They cut four discs in their Capitol debut, which is three more than any other beginner to date.

#### Where the Bands Are Playing

Palladium .....	Gene Krupa

#### Songs to Remember

"Here Comes Heaven Again," by Georgie Auld.  
 "Seems Like Old Times," Lombardo.

## BLUM'S BULLSESSION

From Bugle Call to College Hall—and so after a three year lapse your Bullsession Boy is ready again to paint a vivid word picture of the lives, the loves, and the laughs of State students from the quiet sanctity of the Lone Palm to the hustle and bustle of College Hall!

#### Buchanan Banter

The famine is ended! The hungry looks are rapidly disappearing! And m'gosh the women at State are primping again! 'Nuff said, avid readers. Men, (God Bless Us!) are back on the campus—and in force, some 500 registering yesterday. And look here, m' beauties, this term the lads are all sizes, shapes, and forms! So first come, first served.

Among the newcomers who are actually old timers are GEORGE DROLETTE, of the 6th Infantry Division in the Pacific; IVOR CALLOWAY, former State yell leader and recently a Navy Looney; CAESAR ORSINI, ex-impressario of the Music Alley and Lt. in the ASF, in Europe and JOHN ROCKY, veteran of the "old State" and the Air Force in the E. T. O.

Adding to the list we find PETE CUTTITA, Armored infantry and AL VLADIMIROFF, formerly recognized as the College's "Mr. 5 by 5," with us again. And then there's

ED SMITH, Gator Editor in the Spring '40 term and recently of the 2nd Marine Division. Also there's LOUIE VASQUEZ, ready to do his bit for Coach Kaufman and all other coaches interested in putting State back on the athletic map. Add stature to the Music Alley when LEIGHTON EDELMAN, the former Musci Fed prexy and now a Looney J. G., re-enters the portals of State today.

#### Gatorville Galleys

No brass bands or anguished sobs sent Gaters PAUL FISH and HY BIK on their way to the waiting clutches of Uncle Sam last Wednesday, but nonetheless all those at State who knew these two lads are sincerely going to miss them.

Fish contributed his bit to the success of the cage team this season while Bik made his mark as this school's outstanding literary find and one of its finest organizers.

And the draft is still blowing hard Gatorville way and very few of our Post War generation are escaping. Caught up in the recent storm of "Greetings" were PHIL RYAN, HERB PATNOE, JIM McCANN, and BILL CLARK, all of whom are masculine leaders of the Frosh Class.

#### Haight Highlights

Reduce by one the number of eligible bachelors at the school of the Pulsating Palm.

Let it be known that DICK MACLURE, popular prexy of the Soph Class is now engaged to Miss JUNE MAUGHAN, a graduate of Cornell University in Ithaca, New York. Congrats to both Dick and Miss Maughan, though we doubt if the feminine contingent in the Co-Op will appreciate the loss of "The Look."

Speaking of going concerns, let's take a look at a sparkling Frosh Class led by Jean Spaulding, class leader now that McCann and Clark are draft-tagged. Jean, assisted by MARILYN STENSON, JACKIE DURIEUX, DEL CEVENE and PAT WILKINSON, is planning a top notch Frosh Party at Sigmund Stern Grove the night of the 20th of this month. Hot dogs, hot music, and hot weather are promised for this first affair of the new term and so the activity wheel has already started spinning faster and faster.

Soon to embark upon the Marriage Go Round is DOLORES BOEHLER who is carrying Naval Lt. BILL DUNCAN'S heart upon third finger, left hand. Also ringing the bell soon will be HARRIET CHARLES, Franciscan Ass't. Editor—and so marriage like State, has managed to survive the war and is a going concern.

#### High Upon a Cliff

By John Durand

Once I stood upon a cliff overlooking the ocean.

The sky was brilliant and the sea stretched before me,

Its white foamy arms reaching high

To catch the golden light of the setting sun,

To tumble up and lick the mirror-like sands

The brisk salt air embraced me,

And the clamorous, though soothing

Voice of the ocean spoke to me.

It laughed at my petty troubles

And jeered at the aimful struggles of mankind.

Now I walk the streets of a self-important city,

Its buildings, streetcars, ferries, and bridges

Housing and carrying forth the people who rush in and out.

I, too, run about, busy gathering up the man-made treasures.

I dash into stores and greedily buy.

I open my books and purposefully study.

Sometimes I wearily climb to the top of my dwelling

And peer hungrily around the corners of the buildings,

Seeking the traces of the sunset,

And longing for the jeering comforting voice of the ocean.

When it comes to sports clothes

Roos slacks

shorts and skirts

are made for action

# SPORT DOPE

## by SCOTT HOPE

With the advent of the new term, State is undertaking a much more active athletic program than has been prevalent since the beginning of hostilities. There are a couple of hitches to this program, however, and it is our hope that a public airing of them will perhaps start someone doing something.

### Transportation Needed

First, there is that old problem of transportation. Somewhere or somehow, we must get a vehicle with which to transport our athletes, embryo or established, from the Buchanan Street campus to the Lake Merced campus.

Second, the athletic plant out on the new campus is going to need a few repairs, additions, etc. For instance, a complete set of bleachers is needed; a fence must be built around our football field.

### Acquaint New Students

Third, the new students must be acquainted with this sports program.

The latter problem can be at least partially dealt with in this issue. The Gators will field squads in several activities this spring, including baseball, track, tennis, and golf. There may be others, but it will depend entirely on the reaction of the students, especially the new ones, for in order to participate in anything you must have men. (No comments from the women, please!) Baseball and track try-outs are planned for the coming week. Baseball coach Hal Harden will issue his call about Wednesday, according to present plans. Track is actually already under way under the eye of Ray Kaufman. Thin-clad aspirants should contact Ray immediately at either of the places mentioned above (or if said aspirant is bashful in front of grown men, he can contact me at the Gator Office and I can put him on the right path).

In addition to these activities, the P. E. department is planning an active intra-mural schedule in many fields. These intra-mural activities will be brought to your attention, primarily, through P. E. classes.

## BEAT ROSE BOWLERS

### Boxers Win Play-off For Cage Crown

The Boxers captured the intra-mural basketball championship by nosing out the Rose Bowlers 24 to 23 on Bob Seiler's last minute free-throw in the title play-off game. In the last game of the regular league schedule two days earlier, the once-beaten Boxers handed the Rose Bowlers their first loss, by a 25 to 21 score, thereby creating a tie for first place in the final standings.

#### Win Streak Snapped

In Tuesday's league game, the Boxers trailed by a single point with two minutes left in the contest, but two quick baskets by Mel Martin, and Jack Pileri's free throw turned the tide, and the Rose Bowlers' record of nine straight intramural victories came to an end.

#### Seiler Sinks Clincher

With 35 seconds remaining in Thursday's play-off game, and the score tied 23 to 23, Seiler stepped to the free throw line to sink the point that brought the Boxers the crown.

Martin's field goal and free throw gave the Boxers a quick three point lead, but the Rose Bowlers gained it back on Hal Fox's tip-in and Bill Kennerley's free throw. The Boxers completely dominated the rest of the first half, and were ahead 12 to 5 at the intermission.

## Jayvees Divide Double Header

STATE GYM, Feb. 1—State's junior varsity broke even with the Fleet Post Office here tonight in a somewhat unusual as well as confusing version of cage double-headers, winning the finale 43 to 30, after taking a 50 to 32 beating in the opener.

Jayvee coach Dick Boyle started his second string in the first game against the Navy "B" team, but quickly sent in his starters when it was rumored that it was the Sailors' varsity that had rolled up a 27 to 6 half-time lead.

After Boyle was convinced that the Fleet's B squad was playing, he pulled his regulars to rest them for the second fray against the A team, John Grantham, Gator center was high point man for the night with 27, scoring nine in the first game and 13 in the second.

## AT KEZAR

### Gators Meet Nevada U; Last Home Appearance

In their last local series of the season, S. F. State cagers entertain the University of Nevada quintet tonight and tomorrow at Kezar Pavillion. Tonight's contest starts at 8:00, following a preliminary between Napa College and the State junior varsity at 6:30. Tip-off for tomorrow's Gator-Wolpack fray is slated for 7:00, preceding an NCBA play-off game.

The invading Wolpack quintet, which sports a seasonal record of 17 victories in 22 starts, will rate heavy favorites over the illness and injury riddled Gators. Tom Collingwood is out for the remainder of the season with pneumonia, and Don Ellis, southpaw shooting ace, is on the doubtful list, favoring a sprained ankle.

#### Impressive Record

Nevada's impressive record against common opponents shows that they have trounced Chico State four times; San Jose State, twice; split two games with COP, and lost to Cal by two buckets in the closing minutes.

Leading the Wolpack in scoring is Jimmy Melarhey, who has compiled 184 points in 13 games. Familiar names on the roster to gridiron fans are Max Dodge, 6'-4", and Bob McClure, 220-pound All-American tackle, both of whom played in the East-West classic.

By winning five out of their last six engagements, the Gators' record now stands at 11 wins and 5 losses. Byrne still tops the squad in scoring, with 215 points in 14 games.

### JAYVEES MUZZLE BULLDOGS, 32-35

KEZAR PAVILLION, Jan. 18—After running up an easy 8 to 0 lead, the State jayvees went on to muzzle the Commerce Bulldogs 32 to 25 here tonight. John Grantham scored 11 points to take high point honors.

DON ELLIS  
Southpaw Shooting Star

## State Holds Off Pacific Rally

The Golden Gators fought off a last minute Tiger surge last Saturday night to upset the College of Pacific 37-35 on the COP court.

The Gators entered the fracas a decided underdog, having been be-seiged by illness and injury. Two members of the starting five, Don Ellis and Tom Collingwood had previously been sidelined, Don with a sprained ankle and Tom with an illness that confined him to his bed.

The Gators, led by Jack Byrne, moved up to the front quickly and at the end of the first half had built up a 24-20 lead. Byrne, who was outstanding both defensively and offensively, scored all of the total points in the first half. It was Byrne's work under the baskets that gave the Gators the edge.

Five minutes after the start of the second half, the Gators were faced with the loss of two more men, Ed Dunn and Hal Fox, who acquired too many fouls. Coach Dan Farmer was forced to send the injured Don Ellis to the dressing room and suit him up.

## O'Rourke Re-Opens Print Shop; Gater Now Printed on Campus

Paul O'Rourke, State grad of January, 1946, with a liberal arts degree, spent this past week sweeping out the cobwebs, carting away empty boxes and generally preparing the old print shop in Frederic Burk for the first campus edition of the Gater in three years.

### Audio Visual Talks Held Today and Sat.

An Audio-Visual Education conference under the direction of State Superintendent Roy E. Simpson will be held in Frederic Burk auditorium today and tomorrow.

Dr. Frank Freeman, Dean of the School of Education at the University of California, will speak on "The Cultural Lag in Visual Education."

A former Stater, Charles Rich, Director of Visual Education, Berkeley School System, will talk on the Northern California Audio-Visual Association.

San Francisco Superintendent of Schools, Dr. Curtis Warren, will give his views on "A Superintendent Looks at Audio-Visual Education."

Our own president, Dr. Paul J. Leonard, will speak on "Teacher Education in Audio-Visual Education."

Francis Noel, Chief of Audio-Visual Education will also conduct the meeting with Mr. Simpson.

Mr. Boyd Rakeshaw will review the National Association.

"Establishing County Audio Visual Services" will be the subject of Mr. John Taylor.

New types of projection equipment will be on display during the conference.

### MUSIC FED MEETS

The Music Federation will usher in the new semester with a mass meeting on next Wednesday, February 13, when the featured guests will again be the famous faculty quartet.

Eligible to attend are Music Federation members, who may purchase membership cards for twenty-five cents. Members must be holders of student body cards and participants in a music activity.

Other events scheduled for February include a symphony forum on February 18 at 8 p. m. at which time Maxim Schapiro will be the guest artist, and a "hello day", supper and dance on February 21. Further details of these events will be published at a later date.

The print shop, which is located on the Laguna side of Frederic Burk, is completely equipped with a Linotype machine, layout tables for make-up purposes, a small job press for advertising copy, and file cabinets for cuts used in the Gater.

O'Rourke, former journalism instructor at State, will handle the Linotype for the Gater, setting up the type as well as headlines and ads.

Jack Spann, who handled the linotyping when the print shop was opened in 1940, helped in the installation of the equipment and to get the shop going. The original equipment was procured when it was decided to print the Gater on the campus for the first time. Decreased student body enrollment during the war years placed the Gater on a limited budget and the shop was abandoned after operating approximately three years.

### MORE ON CUT RULE REVISION

cut per semester unit. This included absences due to illness. The text of the new ruling is as follows:

To make it possible for students to succeed in college it is necessary that adequate instruction be provided and that students attend all sessions of all classes for which they are registered. The quality of work expected of the student in any course shall be determined by the instructor along with the standards, content, and obligations which he expects the student to meet.

It is recognized further, however that on special occasions over which the student has no control, it may be necessary for him to be absent from classes. Personal illness, death in the family, religious holidays, and college activities which the student is obligated to attend, are occasions which the administration will consider legitimate for absence and for which the faculty shall endeavor to assist the student in making up whatever work has been missed. Absences for all other reasons shall be the entire responsibility of the student.

## Juniors Stage Gala Prom, Stone Elected Queen

Reconversion stepped in and Rigor Mortis fell out as San Francisco State's Junior class staged the first of 1946's Gator proms at the Claremont Hotel on January 25. And not only did Reconversion step in, but also a new queen of the Junior prom made her debut, Mrs. Eleanor Stone.

And what, may you ask, is meant by Reconversion in connection with a Junior prom? Anticipating the question, Lou Rubin, Junior President, quickly answered, "By Reconversion we mean that the dance was both a huge social and financial success due to the new 1946 post war spirit of State students. They have lost whatever war time apathy they had and demonstrated a willingness to both help put this thing over, and to enjoy themselves. These objectives were reached and this Reconversion is definitely a good thing for State."

President Rubin's enthusiasm was vindicated by the large boisterous throng in attendance at the Spanish Room. And the judges' choice of queen and her two princesses was equally acclaimed by the enthusiastic crowd that had been awaiting impatiently all evening for the important announcement and coronation.

When Helena Mitchell, the outgoing queen crowned 1946's reigning State beauty, Mrs. Eleanor Stone, a good natured audience applauded enthusiastically. Then the two princesses were presented to the public, State beauties Miss Coleen Calvert and Miss Lee Hickman. After the eye-filling coronation, the attenders continued with the dancing.

## Navy Offers New Program

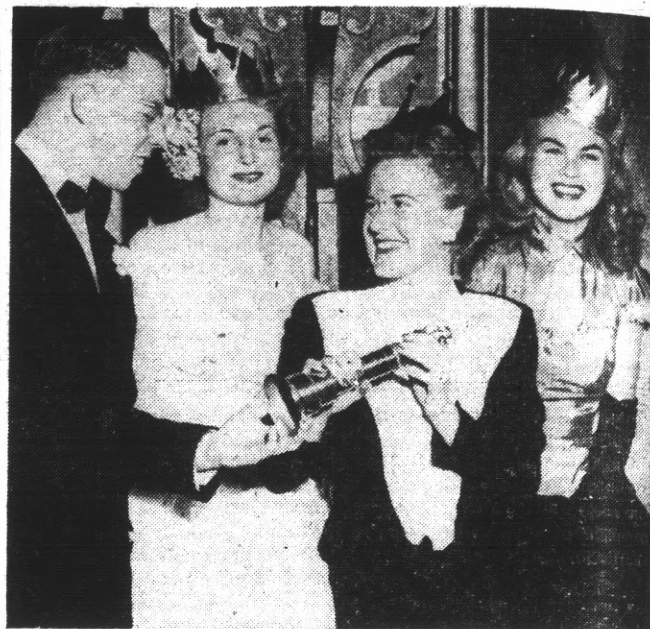

A new naval aviation cadet program has been arranged by the Navy for those college men who do not qualify for the present Navy-V-5.

Unlike the current Navy V-5 program, which requires a high school diploma in order to qualify, the new program requires an applicant to have completed at least two years of accredited college work and be 18 years old but not over 22 years old.

This program will appeal to any young college man who is subject to Selective Service and who desires to qualify for officer training in the post-war naval aviation.

Men who qualify for the new program will be enlisted as aviation cadets and will be ordered directly to flight training by approximately March 1, 1946.

## Queens and Princesses

## State Graduates Honored At Tea

At an informal ceremony held in the Activities Room February 1, 1946, graduates of the fall semester were awarded degrees and credentials by Dr. J. Paul Leonard, president of the college.

Dr. Leonard delivered the farewell address to the departing seniors. Mr. Harold Hollingsworth sang two solos for the occasion at which the graduates' friends and parents were present.

A tea followed the ceremony under the supervision of the faculty.

The list of graduates include: Marion Allen, Donna Anderson, Consuelo Ashe, Kathleen Bannister, Shirley Bleile, Helen Borgel, Ruth Boriolo, Beverly Ann Brillhart, Ann Bursk, Jane Cantwell, Hazel Carlsen, Ray Carlson, Jack Carpenter, Betty Cloak, Mary Costa, Mary Cowin, Norman Crane, Bernice Crohare, Marion Egan, Marjorie Erickson, Floy Frazier, Van-lick Galstaun, Eleanor Giff, Sallie Golumb, Dorothy Greenlund, Leilani Greenly, Beverly Greer, Elizabeth Howard, Mary Huffman, Owen Jones, Grace Kohlroser, Barbara Krase, Dorothy Lan, Patricia Leake, Edna Leydecker, Mary Ann Lonich, Alfred Mabey, Mary Machado, Charlotte Milling, Ben Olsen, Jeanne Nelson, Ruth Pechart, Paul O'Rourke, Charlotte Plumb, Verna Poggetto, Miriam Robbins, Barbara Robie, Inger Spiess, Jean Stanbridge, Gloria Stitt, Margaret Wake, Sybil Zeller.

## Ex-Capt. Simonson Returns to Faculty

After nearly three years working for Uncle Sugar, Mr. DeCalvus Simonson returned to State this week to rejoin the English department of the college.

Mr. Simonson entered the Army Air Corps in April 1943 and was released last month. While in the Air Corps, he rose to the rank of Captain, and taught meteorology to aviation cadets.

Before leaving State, Mr. Simonson was the faculty sponsor for the Gater and Franciscan, as well as an instructor of English and Journalism classes.

## Gater Staff Chosen, Feted

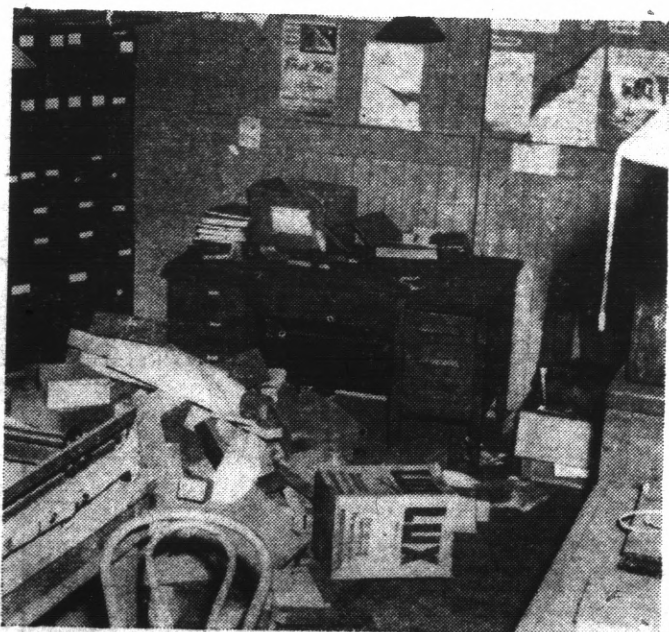

Ed Osorio, editor of the Golden Gater for the fall, 1945, semester, retained his position and will edit the Gater during the spring semester it was announced the Publication dinner last Monday.

New Gater editors include Don Pagani, assistant editor; Pat Healy, managing editor; Bill Kennerley, sports editor; Doris Thulin, copy editor, and Betty Hickman, business manager. A vacancy exists in the feature editorship due to the drafting of Hy Bik. Petitions are now being accepted by the Board of Publications for the position.

Betty Cloak, former editor of the Gater and Alpha Phi Gamma member, emceed the banquet and made the presentation of a gold cup to Osorio for his work during the past semester.

Among the alumni present at the dinner were Ed Smith, Runar Stone, June Gyselbrecht, Katherine LaMancussa, Pierre Salinger.
